2nd PERIOD ACTIVITY SUMMARY:**> 3rd Transnational Project Meeting in Glasgow (Scotland), October 13-14 2016**

The third partners' meeting took place on the 13th and 14th of October 2016, at West College Scotland's facilities (Clydebank Campus), in Glasgow (Scotland). The main focus of the meeting was to work on the General Training Curricula. The consortium launched the next step of the project, the development of the adaptation of the General Training Curricula to national/regional contexts and needs, and the corresponding learning materials. Other activities carried out during the meeting concerned aspects of project's management, quality and dissemination and exploitation.

> 4th Transnational Project Meeting in Utrecht (The Netherlands), January 18-19 2017

The fourth project meeting was held during the 18th and 19th January 2017, at Vilan's headquarters in Utrecht, The Netherlands, with the participation of all partners.

During this meeting, partners, firstly, agreed on the final versions of the updated/evolved professional profile of home care workers and the General Training Curricula. Secondly, the consortium monitored the current status of development of the National Training Curricula and Learning Materials. Finally, the partners worked on the design of the pilots, which were starting during the next weeks.

4th Transnational Project Meeting
in Utrecht (The Netherlands)

> Piloting of the National Training Curriculas and Learning Materials in Bilbao (Spain), Glasgow (Scotland) y Utrecht (The Netherlands)

During February-June 2017, partners from Spain, The Netherlands and Scotland piloted the National Training Curriculas and Learning Materials with several groups of home care workers. The collected feedback reveals that trainees have gained competences that could improve their performance at work and they showed a high level of satisfaction.
