 - *Development of a new training curricula and learning materials that will respond to the training needs for the acquisition of new competences of home care workers in the framework of integrated care for elderly people with chronic diseases at home.*
-

3rd PERIOD ACTIVITY SUMMARY:

> Participation at the International Conference on Integrated Care in Dublin (Ireland), May, 8th-10th, 2017

Grupo Servicios Sociales Integrados attended the International Conference on Integrated Care held in Dublin (Ireland) the 8th-10th of May 2017. The organisation presented a scientific poster with the preliminary results of the Carevolution project. This poster is available on the project website.

> Dissemination and Exploitation Workshop in Bologna (Italy), May, 10th-15th, 2017

On the 10th and 15th of May 2017 two regional Workshops were held in Bologna (Italy). During these workshops the General Training Curricula developed within the Project was presented. Around 40 people participated, all of them Healthcare Operators.

It was observed that there could be two interesting parts related to Carevolution curricula for this professional profile, that concern:

- Assisted Living Technology for Enhanced Home Care Worker
- Self-Development and the Enhanced Home Care Worker

> 5th Transnational Project Meeting in Bilbao (Spain), June 26th 2017

The last transnational project meeting took place the 26th of June 2017 at Grupo Servicios Sociales Integrados's headquarters, in Bilbao (Spain). The main point of the meeting was to analyse the impact of the piloting in the partner countries. The partners worked on the feedback received from trainers and home care workers, in order to proceed with the optimisation of the Training Curriculas and Learning Materials. The other activities carried out during the meeting concerned aspects of project's management, quality and dissemination and exploitation.

in Bilbao (Spain)

> Final Project Conference in Bilbao (Spain), June 27th 2017

The 27th of June 2017 the Final Conference of the Carevolution Project was held in Bilbao, hosted by the project coordinator Grupo Servicios Sociales Integrados. The Conference was an open space for reflection and debate, to promote the conversation and collaboration among thirty agents of the Social Services and Health Services of the Basque Country. The Conference was a chance to outline, among all the participating agents, the possible areas to go on working in the next future in the line initiated by the project.
